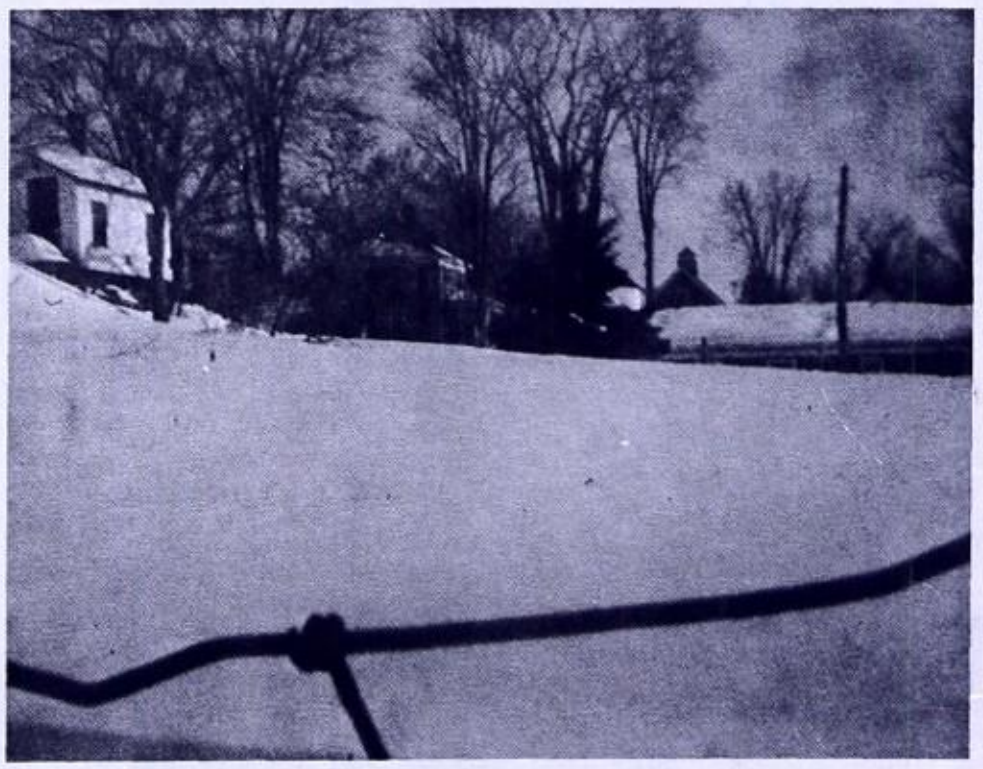
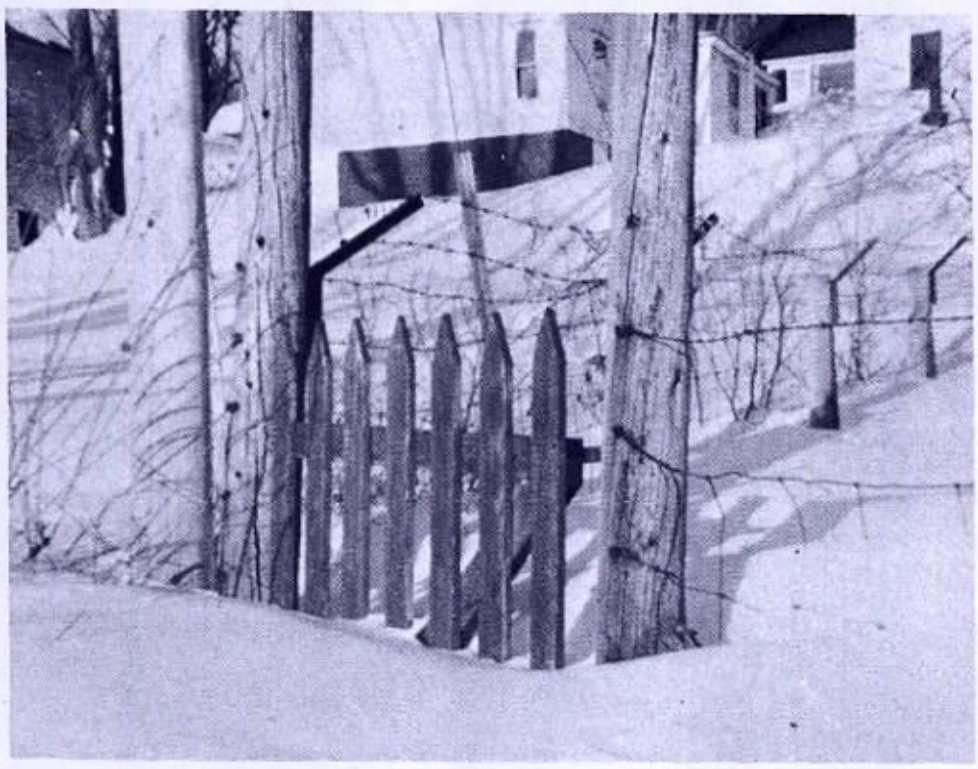
OPPORTUNITY

Master of human destinies I,
Fame, love, and fortune on my
footsteps wait.



Cities and fields I walk;



I penetrate
Deserts and seas remote, and
passing by
Hovel, and mart, and palace,
soon or late
I knock unbidden, once at every
gate!

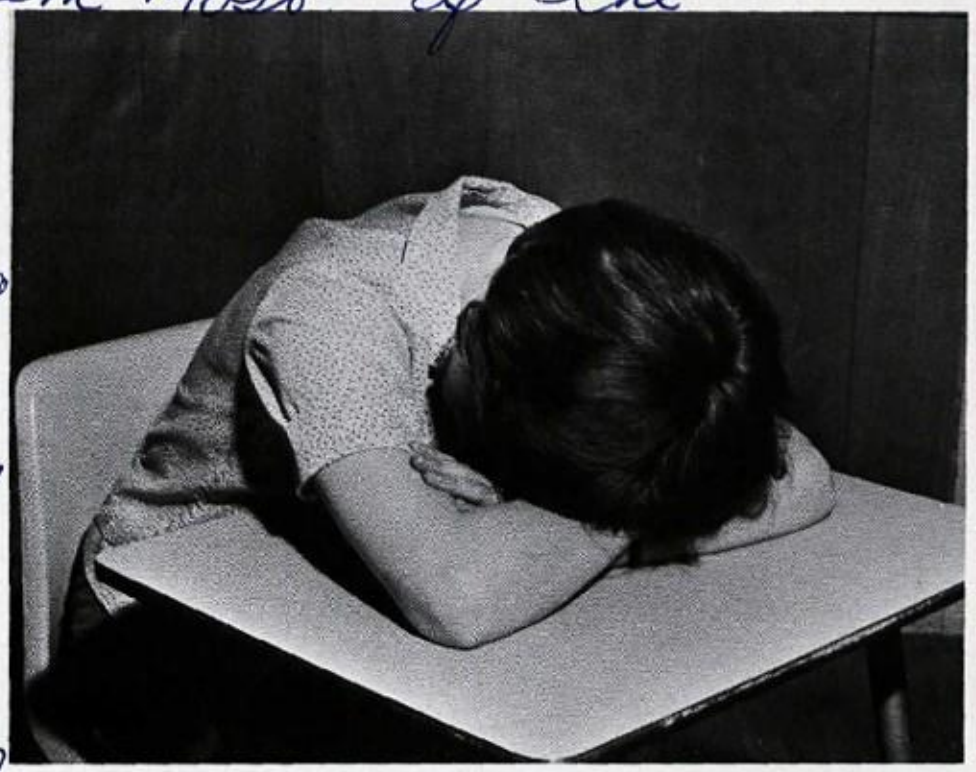
Dave,

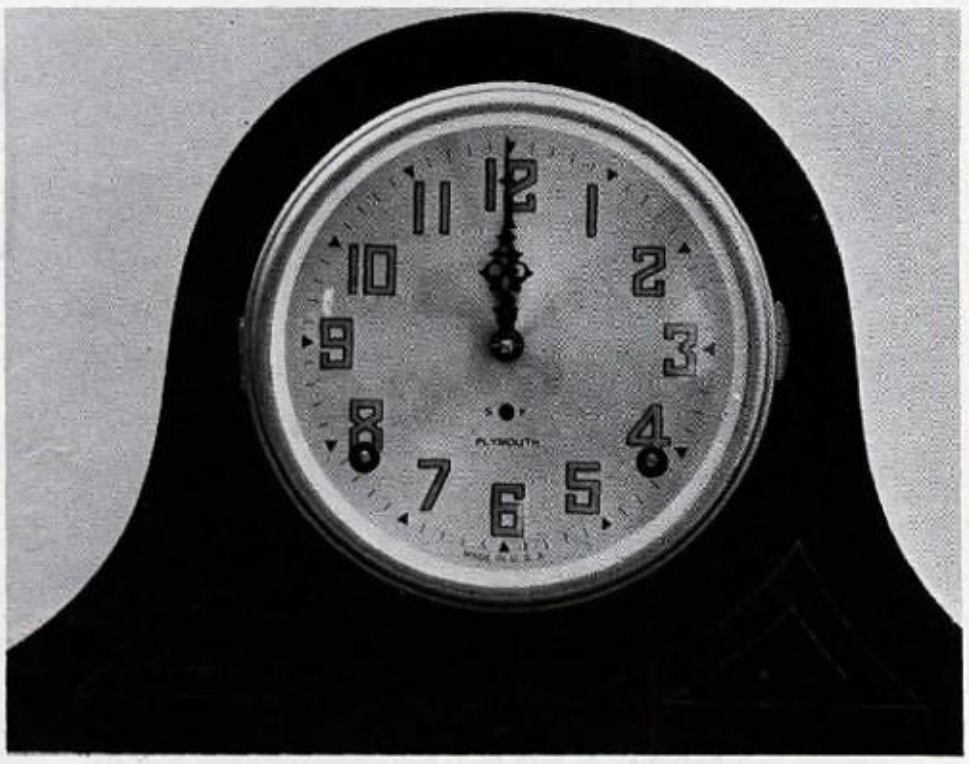
I figured I'd sign here so you could remember me as I am most of the time! It's been a ball these past couple years. Our class profitted by you into

If sleeping, wake - if feasting, rise
I turn away.

moving town. I'm glad we were in classes together. May the Peace of God be yours.

Love, Wenda

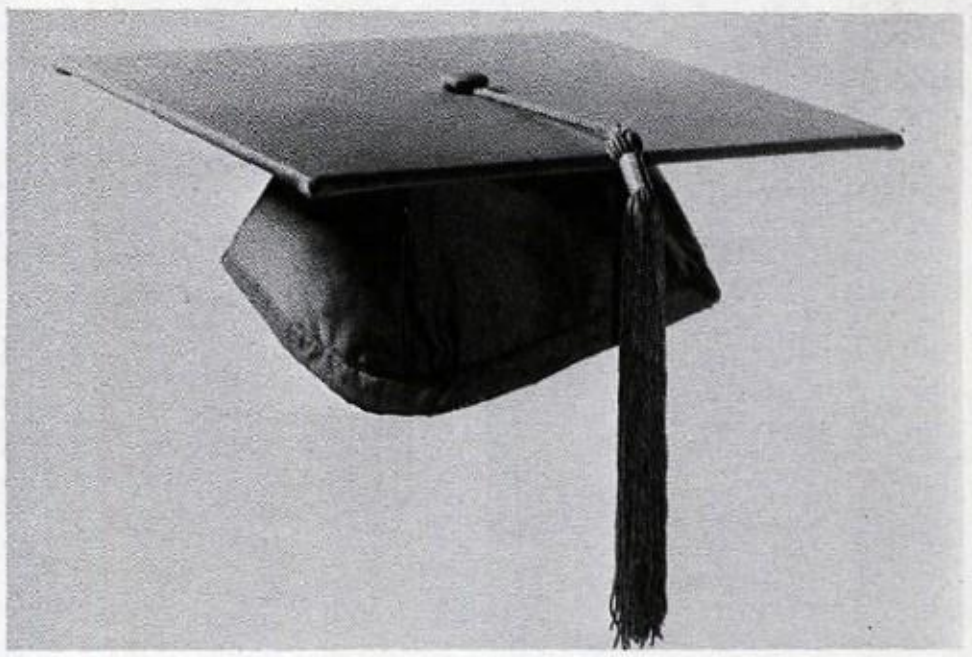




It is the hour of fate,

And they who follow me reach
every state
Mortals desire, and conquer
every foe ...

JOHN JAMES INGALLS



Dedication

In recognition of her dedication as a teacher and of her ever-willingness to listen to our problems, whether serious or trivial, we dedicate this first TIMARON to

MRS. JANET L. JACK

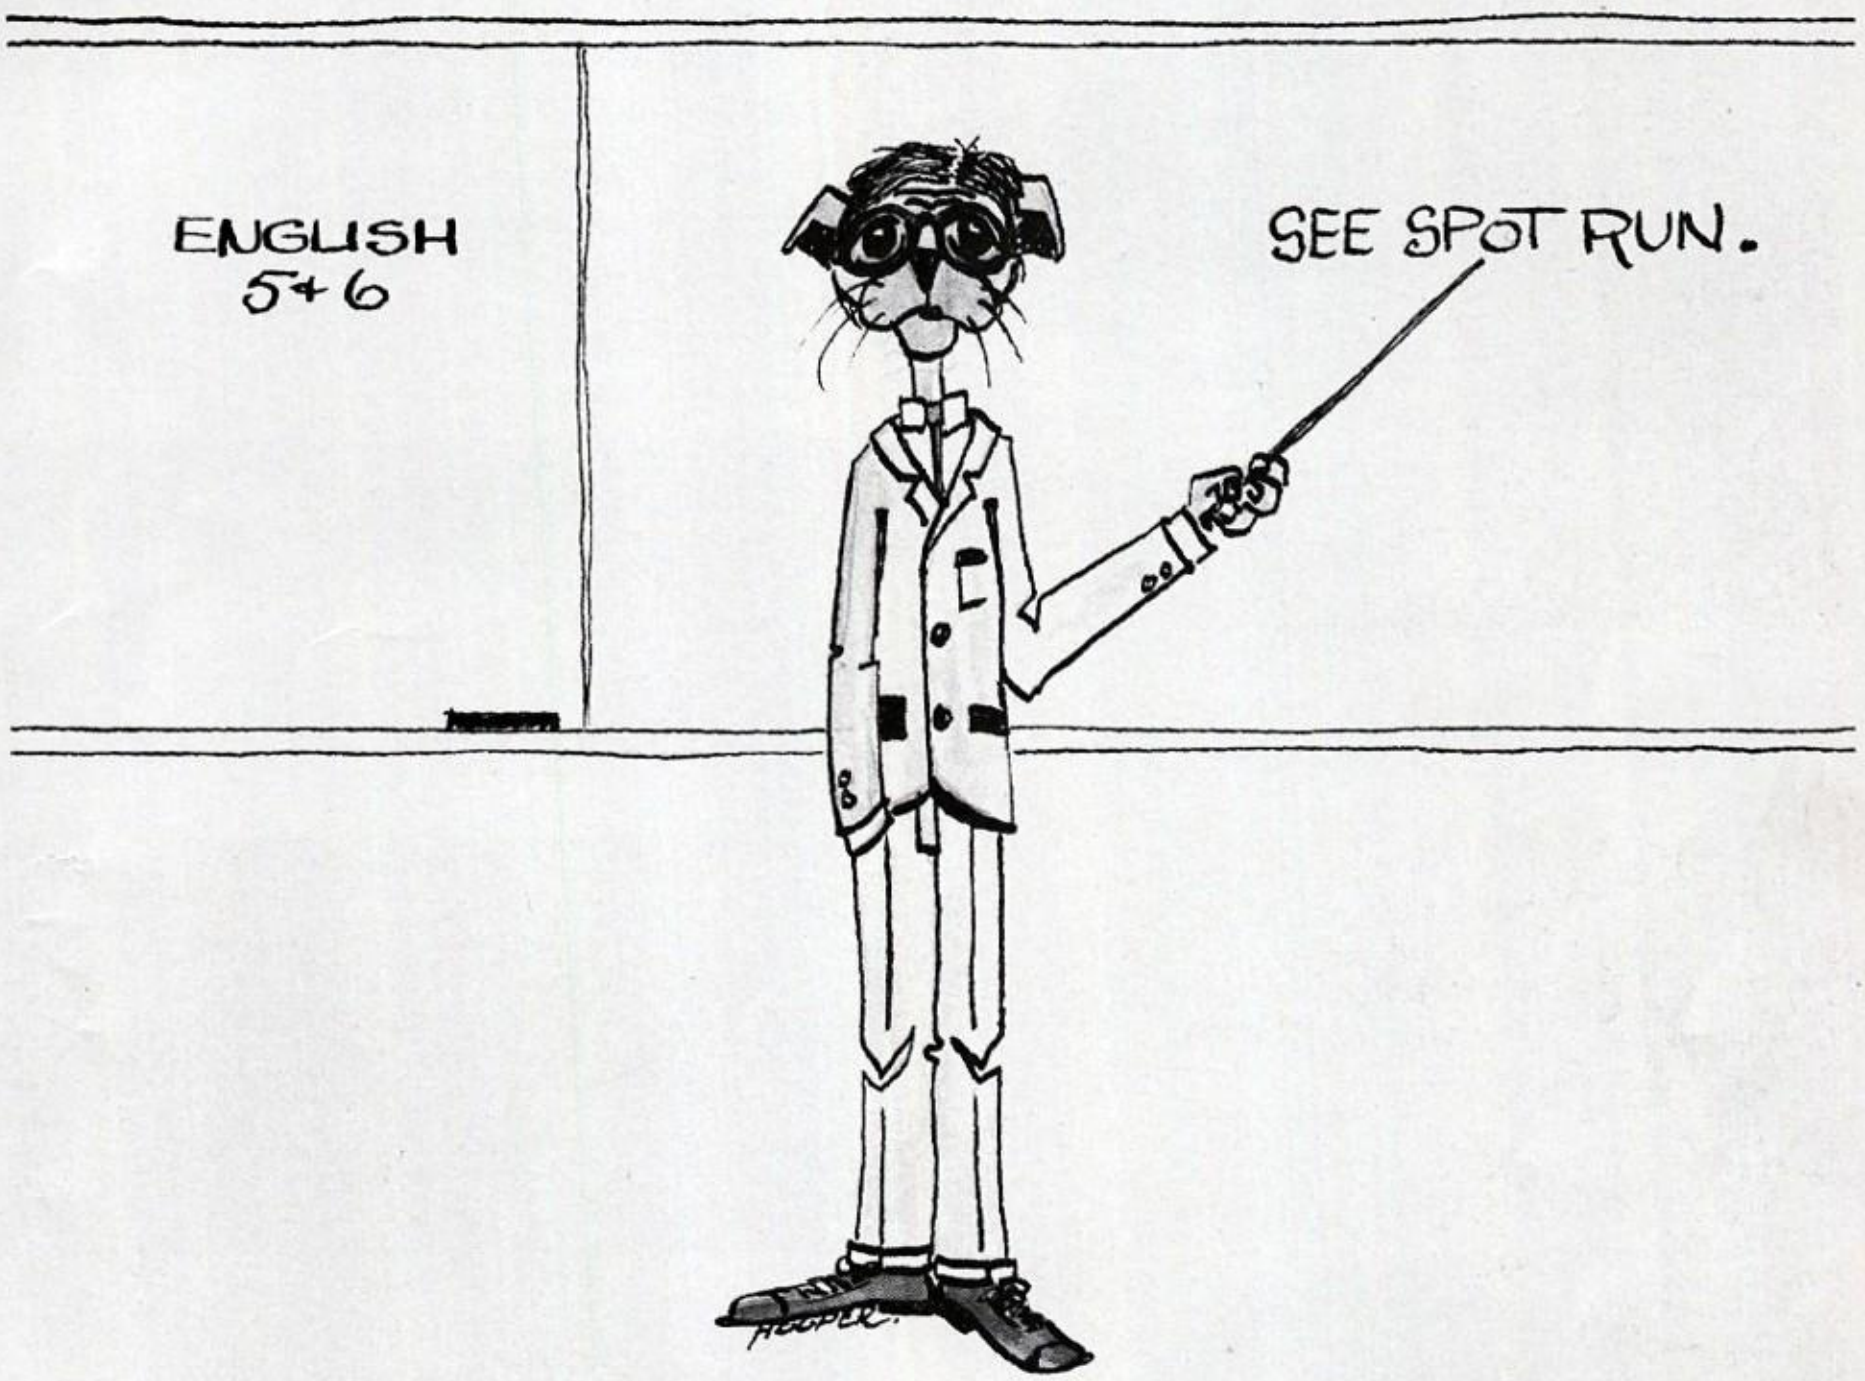
FACULTY



I saw a man pursuing the horizon;
Round and round they sped.
I was disturbed at this;
I accosted the man.
"It is futile," I said,
"You can never - "
"You lie," he cried,
And ran on.

I am grateful for this opportunity to express my appreciation to the student body for their tremendous cooperation. In a year of transition such as this has been, normal procedures are impossible. A successful year takes a great deal of cooperation by the faculty and the student body. This cooperation has been in evidence all year.
I am proud to be a part of Mt. Blue High School.

The Class of 1969 has chosen these two students, Vicki and Frank, as being outstanding throughout our four years of high school. They were selected on the basis of their participation in extracurricular activities, their contribution to the school, their above-average grades, and the respect they have earned from their classmates. They have represented our school in many ways and have taken time from their many activities to help with various class projects. We want them to know that we appreciate what they have done for our class and our school, and we wish them great success in whatever they endeavor to do.

This year the junior class of the Farmington branch of Mt. Blue High School has had two major goals - the preparation and execution of the best Junior Prom ever held in our area and the early co-ordination of the junior classes from both towns so that there will be a smooth transition into our new building. We have undertaken several joint projects; and we feel that because of these undertakings, we will find it easy to consider ourselves one class and not two classes in the same building.

Edmond Morin

Half way through our high-school careers we look fondly back on happy memories and eagerly ahead to our future in the new high school, which is fast becoming a reality. This year has been filled with excitement as we have learned new and greater things, and also a year of striving, in scholastic achievements as well as in athletics. The goal we look forward to now is becoming outstanding, successful students and making Mt. Blue High School proud of the class of '71.

Katie Stevens

Treasurer Stephen Woodcock, Vice-president Paul Gordon, President Kate Stevens, Secretary Sylvia Hodgkins

Treasurer Lisa Schneider, President LeRoy Ireland, Secretary Sara Lawler, Vice-president Doranne Grush

The freshman year is usually regarded as merely a stepping-stone to the top - a very insignificant cog in the educational wheel. But we have discovered that it can be more than that. It can be a time to come together as a class, to mature, to explore, to begin thinking more seriously of our futures. We have discovered that we can contribute something to the school as a whole - both academically and athletically as well as with our school spirit. We realize that in a new high school we will have a better chance to learn and move forward, and our freshman year has prepared us well.

A National Honor Society meeting

Klassroom Kwiz

in 1968 a team consisting of Holly Miller, Carolyn Reed, and Paul Mills represented Farmington High School on the Klassroom Kwiz, a competitive program sponsored by WMTW-TV. They defeated Gardiner High School, Traip Academy, St. Joseph's Academy, and Gray-New Gloucester High School and retired undefeated at the end of the 1968 television season.

In the fall Mt. Blue was invited to begin the new season with a new panel consisting of Heather Ogilvie, Janet Roberts, and Paul Mills. This team defeated Mexico High School, Wiscasset High School, and Ashland High School from New Hampshire before they lost to Kents Hill.

Ordinarily teams who win five consecutive games are retired as undefeated champions but because of the summer break in the series, our teams were able to continue for seven consecutive wins, a record unequaled by any other school in the state. Sponsorship of the program by the Nissen Baking Company and the Red Rose Tea Company added a total of $550. to our scholarship funds.

DIRECTOR

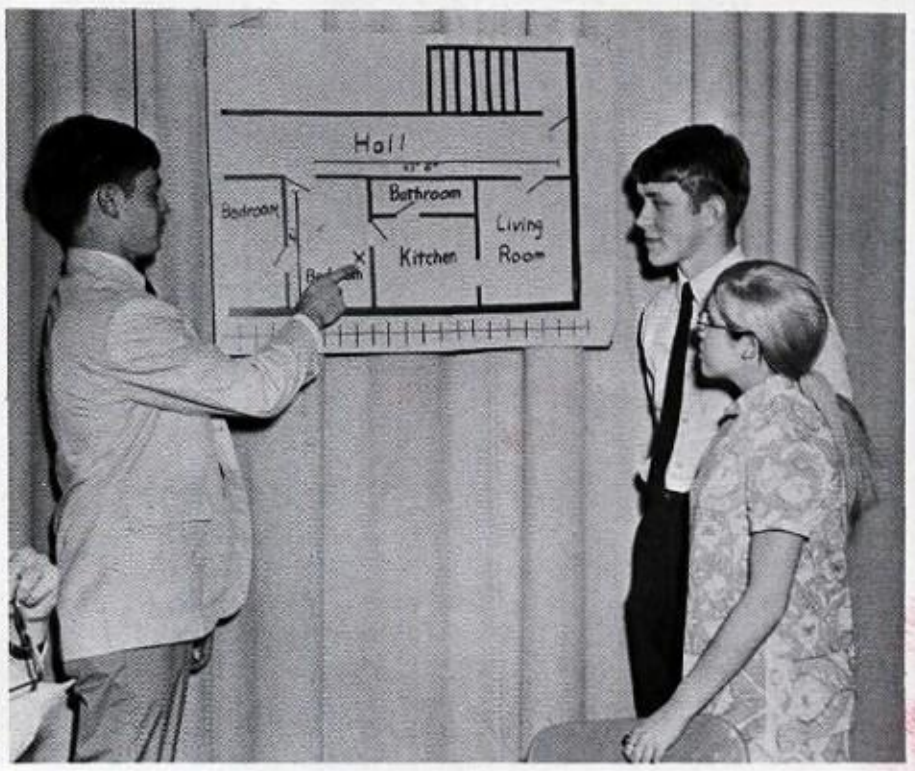
Mr. Dodge

You don't really want to kill me, do you?"

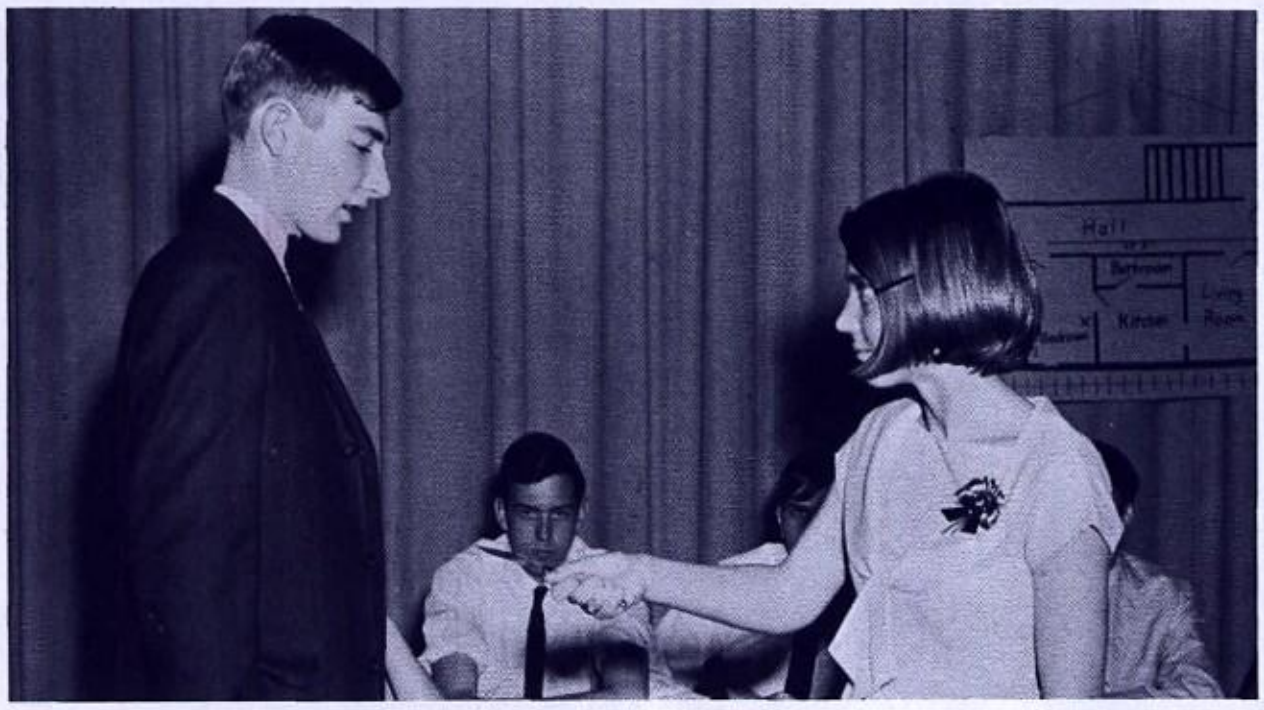
I know - I'm the same kind of person.

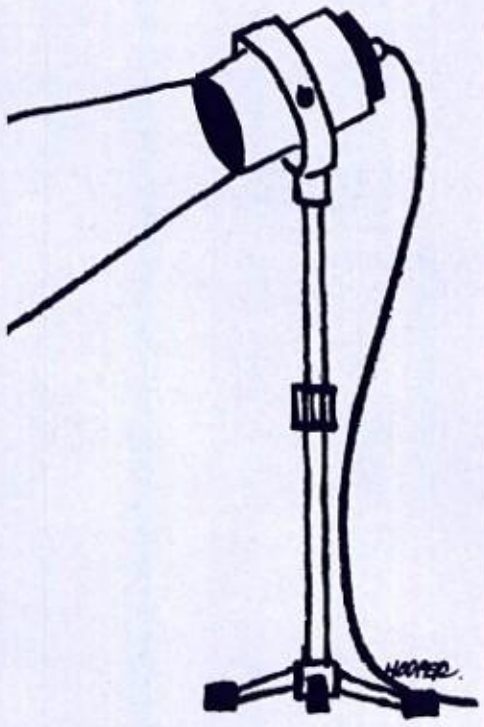
Sherman L. Sergel's stage version of Twelve Angry Jurors was presented on November 21 and 22, 1968 by the Mt. Blue High School Dramatics Club. Reginald Rose received the Emmy award for the television show of the same name which was initially presented on STUDIO ONE, CBS-TV. This drama concerns the conflicts in the opinions of the jurors as to the guilt or innocence of a boy who is accused of murder and whose life is at stake.

He would have wiped away the fingerprints.

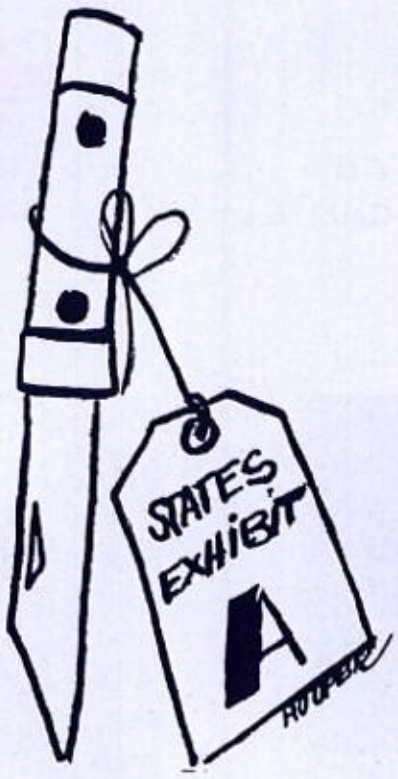


It takes 29 seconds to get from here to . . .

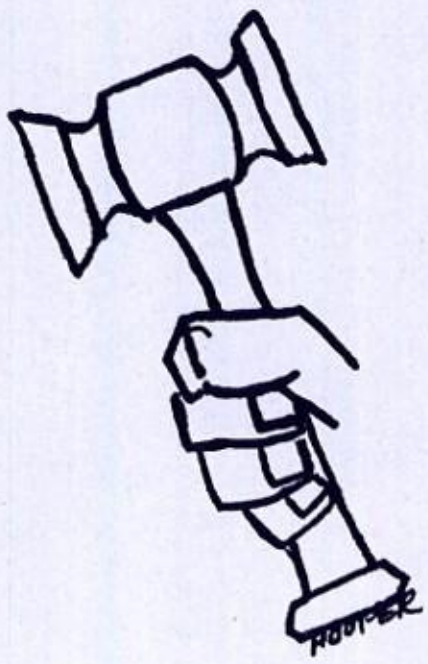




He would have held it like this.



I have some rights too!



If you say one more word, I'll scratch your eyes out!

This yearbook is a picture of the many opportunities that are open to us in each of the four years of high school. As TIme MARches ON let us take these opportunities and use them to benefit us and those around us.

Many thanks to Miss Rhodenizer, Mr. Woodman, and my hard-working Staff, whose tireless efforts have made this first TIMARON a success.

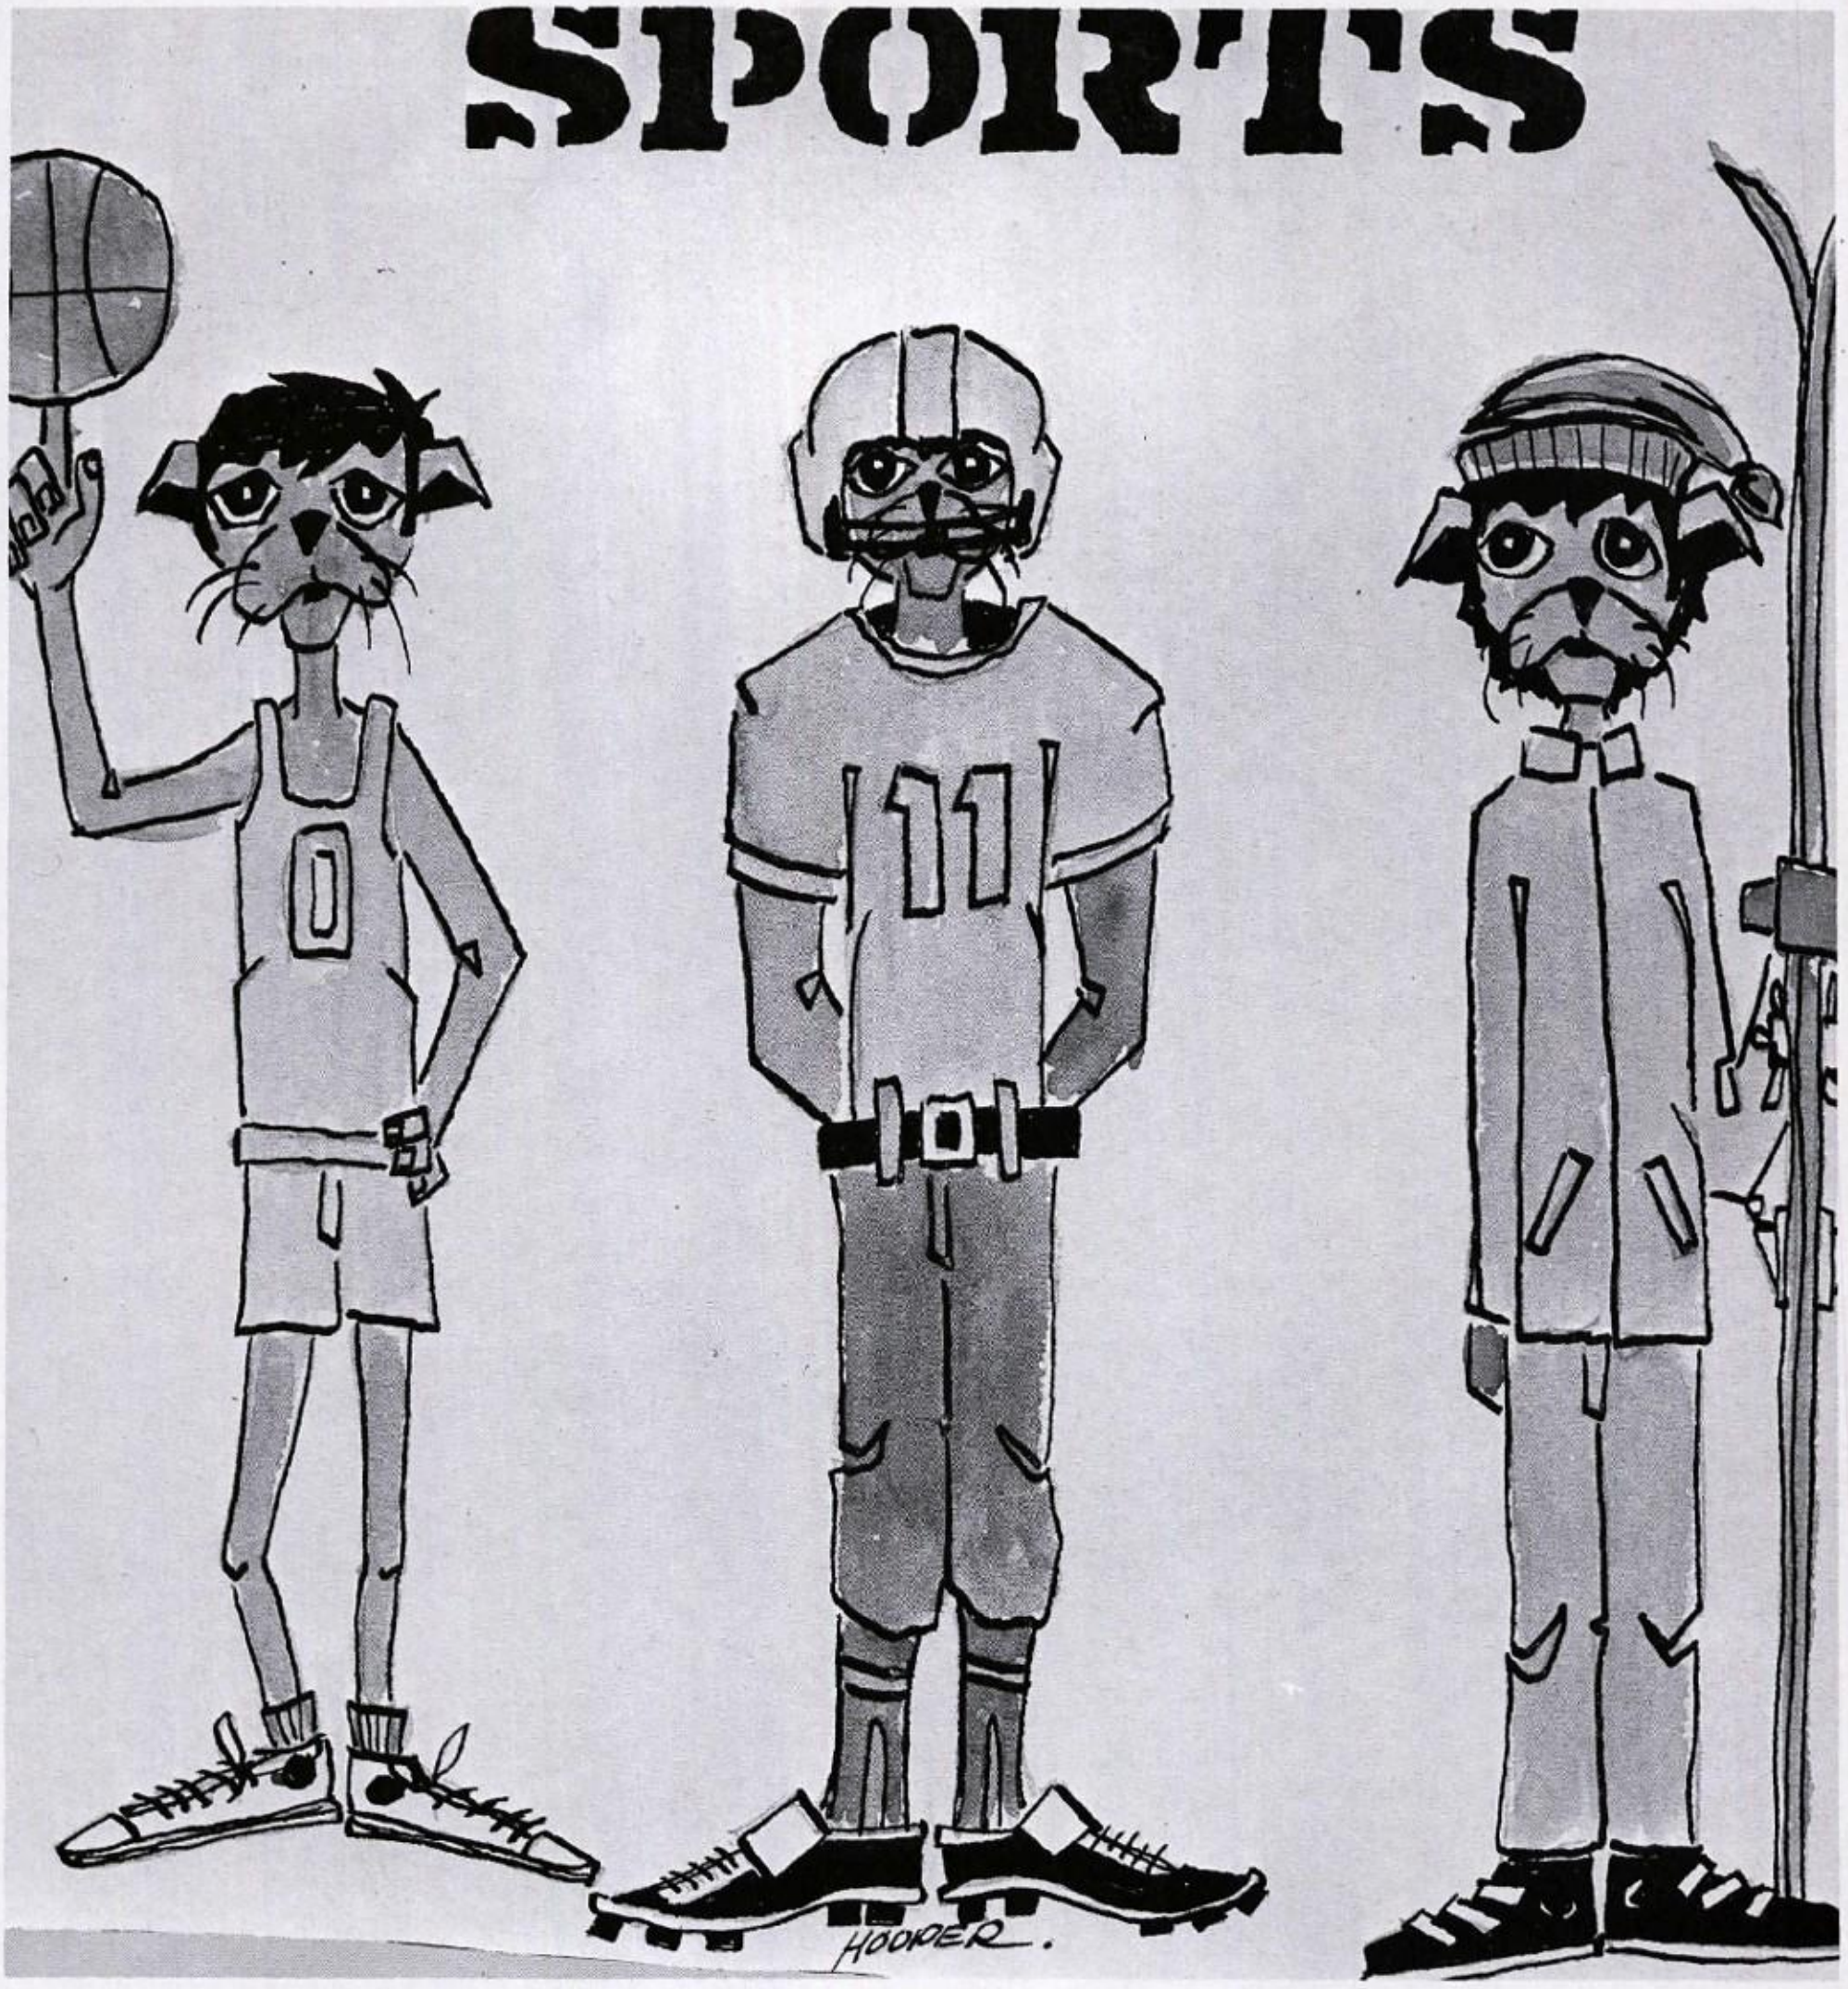
SPORTS



This I beheld, or dreamed it in a dream: -
There spread a cloud of dust along a plain:
And underneath the cloud, or in it, raged
A furious battle, and men yelled, and swords
Shocked upon swords and shields. A prince's banner
Wavered, then staggered backward, hemmed by foes.
A craven hung along the battle's edge
And thought, "Had I a sword of keener steel -
That blue blade that the king's son bears, - but this
Blunt thing . !" he snapped and flung it from his hand,
And lowering crept away and left the field.
Then came the king's son, wounded, sore bestead,
And weaponless, and saw the broken sword,
Hilt-buried in the dry and trodden sand,
And ran and snatched it, and with battle shout
Lifted afresh he hewed his enemy down,
And saved a great cause that heroic day.

Before you accept that first job . . .

Look over your employer as carefully as he does you

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone.

Why not talk with our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
